# **Rein Automotive Brake Vacuum Pumps from CRP Automotive are Designed and Built by OE Manufacturers for Popular Europeans Makes**

## **- Plug and play replacements solve braking performance and safety issues**

Cranbury, NJ...CRP Automotive, a leading source of OE-quality replacement and service parts, offers Rein® Automotive Brake Vacuum Pumps for popular Audi, BMW, Mercedes-Benz, Rolls Royce, VW, and Volvo applications. Rein Automotive Brake Vacuum Pumps are designed as plug and play replacements for failed units. These new pumps solve various performance and safety issues and are built for reliability and long service life.

Vacuum pumps that fail or operate inefficiently significantly reduce the performance of braking systems, EGR valves, intake manifold switches, turbocharger actuators and more. They can also trigger the check engine light, limp mode or engine misfires.

CRP Automotive offers 10 part numbers in the Rein Automotive Brake Vacuum Pump line and delivers coverage for over 3.9 million VIO across the United States and Canada.

CRP Automotive provides everything needed for a complete installation, including a required gasket or seal, which are not always provided by the dealer. Rein Automotive Brake Vacuum Pumps are backed by a 2 year/24,000 mile warranty.

### **Easy Online Lookup**

The Rein Automotive under car program features easy look up on CRP's online application catalog that can be accessed through the CRP Automotive or Rein Automotive brand websites, [www.reinautomotive.com](http://www.reinautomotive.com), or Show Me the Parts, [www.showmetheparts.com/crp/](http://www.showmetheparts.com/crp/).

### **About Rein Automotive**

Rein Automotive offers a wide range of OE-quality automotive replacement parts for import vehicle applications, from motor mounts to hose assemblies and just about everything in-between. Rein programs include AC parts, an antivibration program, an expanded hose program including power steering hoses and a master cooling program inclusive of coolant hoses, water pumps and kits, coolant expansion tanks, thermostats and thermostat assemblies along with caps and sensors. The Rein Automotive name stands for consistent and reliable quality. Only high quality parts wear the Rein Automotive name, whether for European or Asian vehicles.

### **About CRP Automotive**

CRP Automotive is a leader in the manufacture, marketing, and supply of OE quality import automotive parts. CRP provides some of the industry's leading brand names, including AAE Steering System Components, Rein<sup>®</sup> Automotive Parts and Accessories, Pentosin Technical Fluids, and AJUSA Engine Parts. All products are backed by the CRP promise of quality and superior service. Founded in 1954, CRP Automotive has established a solid reputation for exceeding its customers' expectations. CRP maintains key distribution centers in the NAFTA market.
